Profile

Enthusiastic MCA student with practical experience in , **web development**. Skilled in **Python, SQL, Power BI, and AWS**, with strong analytical and problem-solving abilities. Eager to apply technical knowledge to deliver effective, data-driven solutions.

Education

08/2024 – Present Narsapuram	**MCA (Masters Of Computer Applications)** *Swarnandhra College of Engineering and Technology*
08/2021 – 05/2024 Palakol	**B.Sc (Bachelore Of Computer Science) - 8.9** *Aditya Degree College* Graduated in Data Science

projects

QR-Based Car Parking System
Tools: *Python, HTML, CSS, SQL*
• Developing a smart parking solution using QR codes to manage vehicle entry and exit efficiently.
• Implementing real-time database tracking for parking slots and automating billing and notifications.
• Gaining hands-on experience in web development, database management, and system integration.

Skills

Technical Skills :
Excel ,Power BI ,Python , SQL ,Java (Basics)
Soft Skills :
Problem solving skills | Communication | Team Work |
Attention to Detail

Internships

06/2025 – 08/2025	**Data Analytics Intern – SmartBridge (in collaboration with APSCHE)** • Worked on data analytics projects using Tableau to visualize and interpret real-time datasets. • Designed interactive dashboards to track insights and improve data-driven decision-making. • Gained hands-on experience in data cleaning, visualization, and storytelling techniques.
02/2024 – 04/2024	**AWS Cloud Computing Intern – Adhoc Network Tech** • Deployed and configured AWS services such as EC2, S3, and IAM to design secure, scalable cloud architectures. • Optimized cloud performance and cost efficiency while collaborating with the team on real-time deployment projects.

Certificates

• Cisco Cyber Security
• AWS Solution Architecture Job Simulation
• Foundations of Programming with Python -Excler

• DSA with Java
• NPTEL Machine Learning
